

Topic

Our history project will look at The Great Fire of London and the significance of Samuel Pepys.

In geography, we will be learning map skills and using atlases to research areas of the world where dinosaurs were found.

RE

We are discussing wisdom and recognising the need and use of charities for our world.

Numeracy

In Numeracy we will be continuing to develop our calculation strategies and improve our number bonds to 20 and multiplication recall.

We will be comparing and sorting different shapes, use a range of measures to describe quantities such as length, mass and capacity. Also learn how to read an analogue clock and solve money problems.

Art/DT

During food technology, we shall be exploring our knowledge of fruit and vegetables by creating smoothies to sell. Whilst in Art we shall improve our colour mixing skills when using powder paints.

Infants Summer Term

Science

This term, our themes are Plants and Habitats. We will be planting, researching, recording and hopefully harvesting our fruit and vegetables. We will also be investigating trees and mini-beasts in our woodlands.

Literacy

We will be reading a range of fiction, non-fiction and poetry books based on dinosaurs and using these to support our writing, grammar and punctuation.

We will also continue with weekly spelling and phonic practise.

French

We will be learning how to greet each other and communicate with simple sentences.

PSHCE

We will be using circle time to listen to each other's points of view and learn how to take turns to speak and discuss ideas.
