

Our son started in Sept 16 and was rather overwhelmed by the new situation and surroundings. Within a couple of weeks the other pupils and staff had made him so welcome & helped him to settle in brilliantly. He loves reading with his book buddy from the juniors & is making amazing progress with his reading. There is a family feel to the school & all the parents are very supportive, this is reflected in the children's lovely behaviour. We are very happy with the school, the facilities are great and the Class 1 teachers, Mrs Broad and Mrs Thompson, are doing a wonderful job teaching, entertaining and caring for the children. They have accurately identified our son's abilities and weaknesses & are working at the right level to fully develop & engage him. He rushes to school every morning with a huge smile on his face & we are looking forward to his little brother joining him.
